To
The Secretary to Government,
Revenue Department, Madras.

Through
The Secretary, Board of Revenue,
Land Revenue and Irrn. Madras.

Sir,

EDUCATION - Technical - Poly-technic - opening of a School at Mangalore - Selection of site - Transfer of land - Proposals - Submitted.

REFERENCE: No.1536-C1/45 dated 25-2-46 from the Joint Director of Industries and Commerce, Madras.

In connection with a proposal for opening a Poly-technic at Mangalore the Director of Industries and Commerce and the Joint Director have selected after a local inspection certain Government Lands in Kadri village of Mangalore Taluk, for the location of the School. The site is comprised of Survey Nos. detailed below and is situated outside the Mangalore Municipal limits. The total extent of the block selected is 26.35 acres.

S.Nos.	Extent.
54-5	4.05
55-1	1.04
56-3	2.12
269-1	0.63
283-1	2.94
283-4	4.25
38-2	5.35
284-2A2	4.35
283-2B	1.04
279-1B1	0.62
Total	26.35

2. All the sub divisions forming the block stood registered as assessed waste lands, reserved for public purpose and ordered to be entered in the Prohibitory Order Book. The several path-ways, cart-tracks etc., necessary for the public use have now been excluded from the block. I have also inspected these lands. They are suitable for the Poly-technic. I recommend the transfer of the lands to the Industries Department for opening the School. The reservation of these plots for public purposes has now been cancelled and they have been expunged from the Prohibitory Order book.

3. The lands are lying waste as an open ground outside the town-limits and they are not valuable. Sufficient land has been set apart for public recreation purposes. There is no tree-growth on the site. A small portion of one of the plots, S.No.54/5 contains an encroachment consisting of a stone wall but it will be got removed expeditiously, by taking action under the Land Encroachment Act. The total assessment of the block comes to Rs.32-13-0. The sub-division records prepared are enclosed.

4. The Joint Director of Industries desires that the lands may be transferred urgently so that a day may be fixed for the laying of the foundation stone during this month by the Adviser to His Excellency the Governor. I have therefore in anticipation of the approval of the Government permitted the Department of Industries to enter upon the lands. A copy of my proceedings is enclosed. I request that my action may be kindly approved.

5. The reference received from the Joint Director of Industries and an eyesketch of the site are enclosed for reference and return.

Ghulam Kader

To

The Collector of South Kanara,
Mangalore.

Enclosures: Two Blue Prints

No. 1536-C1/45 dated 25th February 1946.

Sir,

Sub: Education - Industrial - Opening of a Polytechnic at Mangalore - Site for.
Ref: My letter No.1536-C1/45 dated 24-1-46.

With reference to the inspection of the site on 3-2-46, by the Director and myself and our subsequent conversation, I forward herewith two blue prints, showing the sites selected for the polytechnic and the alignment of the buildings proposed. It will be observed from the revised plan that a small portion in the site north of the road is not proposed to be utilised as it is a deep valley. The portion required on the South of the road is shown by a red boundary line in the original plan; the deviation from the original proposal being the addition of the area hatched red to compensate for the

area not to be utilised towards the North of the road due to the valley. In accordance with your suggestion ample additional space has been reserved for public recreation and a road way has also been left for the use of the residents residing on the Northern side of ~~the~~ hill.

I request that arrangements may be made for the transfer of the plot to this Department as early as possible. The matter is ~~very~~ very urgent since the ceremony of laying the foundation stone by Mr. Gawn, Adviser in March is under consideration.
